INDEPENDENT AUDITORS' REPORT

The Board of Directors of
French Heritage Society, Inc.

We have audited the accompanying financial statements of French Heritage Society, Inc. (the "Organization") which comprise the statements of financial position as of December 31, 2013 and 2012, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United State of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of account policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Organization as of December 31, 2013 and 2012, and the changes in its net assets and its cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

FRENCH HERITAGE SOCIETY, INC.
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2013 AND 2012

NOTE 1 – ORGANIZATION AND NATURE OF ACTIVITIES

French Heritage Society, Inc. (the "Organization"), formerly known as Friends of VMF, Inc., was established in 1981. The Organization is dedicated to preserving the French architectural, cultural and historical heritage and environment, and to fostering educational and cultural exchange between France and the United States.

The Organization has been determined by the Internal Revenue Service to be exempt from Federal income taxes pursuant to Section 501(c) (3) of the Internal Revenue Code of 1986, as amended.

In keeping with its tradition of having major fundraising-celebratory events every fifth anniversary year, in October 2012 the Organization celebrated its 30th anniversary with a series of events for its members that included: trips through the southwest of France, from the city of Toulouse to the town of Saint Jean de Luz on the Atlantic coast (during which trips the participants were hosted in private residences and visited restoration projects that the Organization had funded); a private reception at the City Hall of Paris; and a Gala Dinner and Dance at the legendary Royal Château de Fontainebleau. The amounts related to those events for revenues received (including grants and contributions and pledges and contributions receivable), for expenses incurred, and for prepaid expenses and deferred revenues, exceeded the amounts typically reflected in the Organization's financial statements for years not affected by fifth anniversary events.

The financial statements include the activities of the Organization's New York and Paris offices.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

- A. The Organization's financial statements have been prepared on the accrual basis of accounting. The Organization adheres to accounting principles generally accepted in the United States of America.
- B. The Organization considers all highly liquid instruments with maturities of 90 days or less, when acquired, to be cash and cash equivalents.
- C. The Organization maintains its net assets under the following three classes:
 - Unrestricted – represents resources available for support of the Organization's operations over which the Board of Directors has discretionary control.
 - Temporarily Restricted – represents contributions and other inflows of assets that are subject to donor-imposed stipulations that either expire by the passage of time or can be fulfilled and removed by actions of the Organization pursuant to those stipulations. When such stipulations end or are fulfilled, such temporarily restricted net assets are reported in the statement of activities as net assets released from restrictions.
 - Permanently Restricted – represents those resources subject to donor imposed stipulations that they be maintained intact in perpetuity. The donor permits the use of all the income on related investments and the net capital appreciation thereon, for restricted purpose. There were no permanently restricted net assets as at December 31, 2013 and 2012.
- D. Property and equipment is stated at cost less accumulated depreciation and amortization. These amounts do not purport to represent replacement or realizable values. Depreciation is provided on a straight-line basis over the estimated useful lives of the assets. The Organization capitalizes property and equipment with a cost of \$1,000 or more and a useful life greater than one year.

FRENCH HERITAGE SOCIETY, INC.
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2013 AND 2012

NOTE 2 -- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

- E. Investments are stated at fair values. Unrealized and realized gains and losses and investment income are reported in the statement of activities in investment return, as increases or decreases in unrestricted net assets.
- F. Unconditional promises to give that are expected to be collected within one year are recorded at net realizable value. Unconditional promises to give that are expected to be collected in future years are recorded at the present value of their estimated future cash flows. The discounts on those amounts were computed using risk-free interest rates applicable to the years in which the promises were received. Amortization of the discounts is included in contribution revenue. Conditional promises to give are not included as support until the conditions are substantially met.
- G. In accordance with accounting principles generally accepted in the United States of America, contributions received are classified depending on the existence or nature of any donor restrictions. All contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Amounts received that are designated for future periods or restricted by the donor for specific purposes are reported as temporarily restricted or permanently restricted support and increase those net asset classes.
- H. Deferred revenue represents funds received in advance, but relating to future periods.
- I. Donated goods are recorded as support at their estimated fair value at the date of the donation. Each donation is reported as unrestricted support unless the donor has restricted it for a specific purpose. The value of these contributions is reflected in the accompanying financial statements as in-kind contributions in the accompanying statement of activities, since they are subject to objective measurement or valuation. The in-kind contributions for the years ended December 31, 2013 and 2012 amounted to \$1,560 and \$100,773, respectively.
- J. Donated services are recognized as contributions in the financial statements if the services enhance or create nonfinancial assets or require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased, if not provided by donation. Donated services for the years ended December 31, 2013 and 2012 amounted to \$10,000 and \$ -0- respectively.
- K. Fair value measurements are based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In order to increase consistency and comparability in fair value measurements, a fair value hierarchy prioritizes observable and unobservable inputs used to measure fair value into three levels as described in Note 14.
- L. The functional currency of the New York office of the Organization is the U.S dollar. The functional currency of the Paris office is the Euro. Revenues and expenditures of the Paris office have been translated into U.S. dollars at the average exchange rates prevailing during the period. Assets and liabilities have been translated at the rates of exchanges on the statement of financial position date and net assets are translated at historical rates. The resulting translation gain and loss adjustments are recorded directly as a component of net assets. Foreign currency translation adjustments amounted to a loss of \$88,481 and \$57,387 for the years ended December 31, 2013 and 2012, respectively. Transaction gains and losses that arise from exchange rate fluctuations on transactions denominated in a currency other than the functional currency are included in the statement of activities. The Organization has recorded realized transaction gains of \$85,210 and \$38,145 for the years ended December 31, 2013 and 2012, respectively.

**FRENCH HERITAGE SOCIETY, INC.
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2013 AND 2012**

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

- M. Functional expenses that can be directly identified with the program or supporting service to which they relate are charged accordingly. Other expenses by function have been allocated between program and supporting service classifications using estimates determined by management to be reasonable.
- N. The Organization uses a combination of factors, such as management's assessment of the credit worthiness of its sponsors, age basis of the receivable, current economic conditions and historical experience to determine allowances for grants, pledges and membership receivables. As of December 31, 2013 and 2012, the Organization determined that no allowance for uncollectable accounts was necessary for grants, pledges and membership receivables.
- O. The Organization has no uncertain tax positions as of December 31, 2013 and 2012 in accordance with Accounting Standards Codification ("ASC") 740, which provides standards for establishing and classifying any tax provision for uncertain tax positions. The Organization is no longer subject to federal, state or local income tax examinations by the authorities for the years before 2010.
- P. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures at the date of the financial statements. Actual results could differ from those estimates.
- Q. Certain items in the December 31, 2012 financial statements have been reclassified to conform with the December 31, 2013 presentation. These reclassifications had no impact on the change in net assets for the year ended December 31, 2012.

NOTE 10 – SAVINGS INCENTIVE MATCH PLAN FOR EMPLOYEES

The Organization has a Savings Incentive Match Plan for Employees (SIMPLE IRA) for its eligible employees. The plan will provide individual retirement accounts in accordance with the Internal Revenue Code. The plan stipulates that the employer may make discretionary contributions in each of its taxable years (up to 3% of compensation) to the individual retirement accounts of all eligible employees. The Organization contributed \$4,500 and \$7,820 to the plan for the years ended December 31, 2013 and 2012, respectively.

NOTE 11 – CONCENTRATIONS

Financial instruments that potentially subject the Organization to a concentration of credit risk include cash accounts with various financial institutions that exceed the Federal Deposit Insurance Corporation (“FDIC”) insurance limits. Beginning January 1, 2013, noninterest-bearing transaction accounts will no longer be insured separately from depositor’s other accounts at the same insured depository institutions.

As of December 31, 2013 and 2012, the Organization had insured cash accounts that exceeded the FDIC insurance limit by approximately \$477,270 and \$0-, respectively.

As of December 31, 2013 and 2012, the Organization had approximately \$95,000 and \$242,000, respectively, in foreign bank accounts not insured by the FDIC.

NOTE 12 – BOARD DESIGNATED NET ASSETS

The Board of Directors of the Organization has established that all donations received for scholarships \$14,750 as of December 31, 2013 and 2012, respectively, would be separately accounted for as unrestricted net assets, designated for scholarships.

NOTE 13 – TEMPORARILY RESTRICTED NET ASSETS

NOTE 14 – FAIR VALUE MEASUREMENTS

The fair value hierarchy defines three levels as follows:

Level 1: Valuations based on quoted prices (unadjusted) in an active market that are accessible at the measurement date for identical assets or liabilities. The fair value hierarchy gives the highest priority to Level 1 inputs.

Level 2: Valuations based on observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted price in inactive markets; or model-derived valuations in which all significant inputs are observable or can be derived principally from or corroborated with observable market data.

Level 3: Valuations based on unobservable inputs are used when little or no market data is available. The fair value hierarchy gives lowest priority to Level 3 inputs.

In determining fair value, the Organization utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible in its assessment of fair value. Investments in equities and mutual funds are valued using market prices in active markets (Level 1). Level 1 instrument valuations are obtained from real-time quotes in active exchange markets involving identical assets. Corporate bonds are designated as Level 2 instruments and valuations are obtained from readily-available pricing sources for comparable instruments (credit risk/grade, maturities, etc).

Financial assets carried at fair value at December 31, 2013 and 2012 are classified in the fair value hierarchy in Level 1 as follows:

	2013 <u>Level 1</u>	2012 <u>Level 1</u>
ASSETS CARRIED AT FAIR VALUE		
U.S. Common stock:		
Basic materials	\$ -	\$ 69,431
Consumer goods	-	39,978
Healthcare	-	16,288
Technology	-	23,642
Services	<u>5,187</u>	<u>-</u>
	<u>\$ 5,187</u>	<u>\$ 149,339</u>

NOTE 15 – SUBSEQUENT EVENTS

The Organization has evaluated, for potential recognition and disclosure, events subsequent to the statement of financial position date through August 1, 2014, the date the financial statements were available to be issued. No events have occurred subsequent to the statement of financial position date through August 1, 2014 that would require adjustment to or disclosure in the financial statements.
